## SW-7 Parts/Brake Cleaning Solution

Description:

SW-7 is a pH neutral mixture of emulsifiers and surfactants containing low volatile organic compounds (VOCs) or solvents. This fluid is an oil dispersing and degreasing liquid that is biodegradable, non-toxic, non-caustic, non-flammable, and non-hazardous. SW-7 contains no known carcinogens, no OSHA or DOT regulated chemicals, and no ingredients requiring SARA Title III reporting, no RCRA hazardous waste chemicals, and no items on the CERCLA hazardous substances list.

Directions for use:

Add to SmartWasher Bioremediating Parts Washer System.

Availability:

SW-7 is available in 5-gallon boxes and 55-gallon drums.

Specifications:

Appearance: Clear, free-flowing liquid  
Odor: Low  
Density: 1.0154  
pH: 7.33  
Flash Point: None
